Prepared for	Oakwood Hotel Project
Project Manager	Ling
Team Members	Ling, Ishtila, Sithara and Tex
Version	1.0
Submission date	19/07/2026
Document status	Final

Team Agreement

This Team Agreement outline the standards, responsibilities, and working practices that all team members agree to follow throughout the project.

1.1 Team values

All team members agree to:

- Attend meetings prepared and complete assigned work in advance.
- Follow the agreed project schedule and meet all deadlines.
- Complete tasks within the allocated week rather than postponing unfinished work.
- Respect each member's ideas, perspectives, and contributions.
- Promote an inclusive environment that values diversity and equal participation.
- Communicate honestly, professionally, and constructively.
- Support one another in achieving the team's shared objectives.

1.2 Communication

Members should respond to team messages within 24 hours whenever reasonably possible.

Channel	Agreed use	Expectation
Trello	Primary platform for tasks, files, deadlines and decisions	Update assigned cards before each weekly meeting. Important decisions must be recorded on Trello so they are accessible to all members.
WhatsApp	Brief questions, reminders and urgent matters	Use reasonable hours unless urgent; respond within 24 hours where practical.
Zoom	Additional online discussion when needed	Share the link and agenda in advance.
NIT meeting	Weekly in-person coordination	Attend each Sunday from Week 1 to Week 4.

1.3 Team roles

Each member is responsible for completing the duties associated with their role. The Project Manager will coordinate the overall schedule, monitor progress, and support collaboration among team members.

Role	Team member	Core responsibility
Project Manager	Ling	Coordinate scope, schedule, integration and final delivery.
Client Service Coordinator	Ishtila	Research and plan service readiness and customer engagement.
Human Resources Coordinator	Ling	Research and plan recruitment, training and staff management.
Logistics & Operations Coordinator	Sithara	Research and plan inventory, equipment, storage and operating readiness.
Location Analysis Coordinator	Tex	Research, compare and recommend potential locations.

1.4 Attendance

- All members are expected to attend the in-person Sunday meetings from Week 1 to Week 4.

- A member who cannot attend must notify the team as early as possible and provide a progress update before the meeting.
- The absent member remains responsible for completing their assigned work unless the team agrees that redistribution is necessary.
- If a task must be redistributed, it will be allocated fairly according to members' availability, workload, and relevant skills.
- The absent member must review the meeting notes and follow up on any decisions or actions.
- If project manager is absent, Ishtila will be the new project manager on the day.

1.5 Conflict Resolution

If a disagreement occurs:

1. The members involved should first discuss the issue respectfully and focus on resolving the problem rather than assigning blame.
2. Each person must have an equal opportunity to explain their perspective.
3. If the issue cannot be resolved, the Project Manager will facilitate a team discussion.
4. The team will seek a solution through consensus. If consensus cannot be reached, a majority vote will be used.
5. If the conflict remains unresolved or involves serious misconduct, the matter will be referred to the lecturer or project supervisor.
6. All discussions must remain confidential, respectful, and professional.

1.6 Accountability

To ensure that all allocated tasks are completed:

- Every task must have a clearly identified owner, deadline, and expected outcome recorded on Trello.
- Members must update the status of their tasks regularly.
- Progress will be reviewed during each weekly meeting.
- Members should inform the team as early as possible if they expect difficulty meeting a deadline.
- Where appropriate, work should be reviewed by another team member before final submission.
- Missed deadlines will be discussed promptly, and a recovery plan with a revised completion date will be agreed upon.
- Repeated failure to complete assigned work without reasonable explanation will be documented and referred to the lecturer or project supervisor.
- Each team member remains responsible for the quality, accuracy, and timely completion of their contribution.

1.7 Team commitment

Team member	Signature	Date
Ling	Lingling Yao	19/07/2026
Ishtila	Ishtila	19/07/2026
Sithara	Sithara	19/07/2026
Tex	Lin	19/07/2026
